REMARKS

Claims 1-16 and 19 are pending. The amendments to the specification and claims are made solely to comply with the sequence rule requirements and do not introduce new matter.

SEQUENCE LISTING/NOTICE TO COMPLY

The Examiner indicated that this application fails to comply with the requirements of 37 C.F.R. §1.821-1.825. In order to assure compliance with this requirement, the Applicants herewith submit a Sequence Listing and a corresponding computer-readable Sequence Listing. A Sequence Identifier (SEQ ID NO: 1) has been added to the specification. The sequence information recorded in the corresponding computer-readable Sequence Listing is identical to the paper copy of the substitute Sequence Listing. Support for SEQ ID NO: 1 listed in the Sequence Listing is found in the present application as originally filed. No new matter is believed to have been introduced by the submission of the Sequence Listing and the corresponding computer-readable Sequence Listing.

OBVIOUSNESS TYPE DOUBLE PATENTING REJECTION

Claims 1-16 and 19 were rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over Claims 25-30 of U.S. Patent No. 08/809,723. However, claims 25-30 are not pending in the '723 application. These claims were presented in an amendment after final that was denied entry. Accordingly, the Applicants respectfully request that this rejection be withdrawn.

It is submitted that the Examiner's objection and rejection have now been fully addressed and that Claims 1-16 and 19 are in proper condition for allowance. Reconsideration of the remaining rejection and allowance of the claims is respectfully requested.

Respectfully submitted,
